NJGSS INFORMATION ON HEALTH SERVICES

TO PARENTS:

Summer health care facilities on the Drew University campus are limited to the regular students, faculty, and staff of the university. Should a physician's care be required, it must be obtained off campus. To this end, Drs. Weine, Renna, and Meyers of Madison Internal Medicine Associates, P.A., 95 Madison Ave., Morristown, NJ, 973-829-9998, have agreed to accept Governor's Scholars as patients should the need arise. Their offices are approximately two miles from the campus. Billing for such services will be made directly to the parents.

In non-emergency situations, should your child, in her/his judgment or ours, require medical attention, we will attempt to contact you or have your child contact you. If we are able to reach you and you are not too far away and wish to attend to the situation, you may take your child to your own physician. We encourage you to do that. If we are not able to reach you, or if you cannot come to Drew, we will consult the physicians named above or their covering doctors. To this end, please sign the authorization statement.

In emergencies, should they arise, we will do what is necessary, using available local hospitals or physicians, contacting you for authorization when feasible. Please sign the emergency authorization statement. In addition, please provide us with a copy of the front and back of your health insurance ID card, if applicable.

The student body of the Governor's School will be covered under a blanket liability insurance policy subscribed to by Drew University. However, the student's medical, dental, and hospital expenses are not covered by Drew University or the Governor's School and remain the responsibility of the parents and/or your family health insurance. If your child is not covered by your policy, we suggest you investigate a short-term policy for this purpose.
