The official Drew University Field Hockey Record Book was compiled in its current format during the summer of 1992 by Sports Information Director Ernie Larossa (Elizabethtown '91). The record book was originally compiled by Ken Cole, SID from June, 1982 - October, 1985. Upkeep and further expansion of Drew athletic records is credited to Herb Baer, SID from October, 1985 - January, 1987; Ann Bready, SID from January, 1987 - February, 1992; Ernie LaRossa, SID from February, 1992 - May, 1994; and Jennifer Brauner, SID from August, 1994 to the present.

Although records for statistics were not seriously kept until the late 1970s, the records and statistical information contained in this record book are to be considered a true account of statistics for which the athletic department, coaching staff, and sports information office can use for reference when dealing with the media, opponent schools, and the general public.

Field Hockey was introduced to the Drew University athletic program in the fall of 1967 and has compiled a record of 327-242-29 in 39 seasons of competition.

The design and editorial work for the field hockey record book was completed by SID Ernie Larossa.

\* Records unavailable 1967-77, 1979

\*\* Note: A goal was officially awarded as two points following the 1992 season. All records prior to that time have been changed to conform to CFCHA procedures. In the "points" section the number before the slash is points as defined before 1993 when goals were worth 1 point. The number after the slash indicates the new system where goals are worth 2 points and assists are worth 1 point.
