The official Drew University Men’s Soccer Record Book was compiled in its current format by Sports Information Director Ernie Larossa during the summer of 1992. Further expansion and upkeep is credited to Jennifer Brauner (SID from Aug. 94 - Dec. 2005). Original information was taken from files compiled by Ken Cole (SID from June, 1982 - October, 1985), Herb Baer (SID from October, 1985 - January, 1987), and Ann Bready (SID from January, 1987 - February, 1992).

Although records for statistics were not seriously kept until the 1970s, the records and statistical information contained in this record book are to be considered a true account of statistics for which the athletic department, coaching staff, and sports information office can use for reference when dealing with the media, opponent schools, and the general public.

Men’s soccer was introduced to the Drew University athletic program in the fall of 1954 and has compiled a record of 543-234-72 (.668) in 52 seasons of competition. The Rangers have completed 48 of 52 seasons with a non-losing record.
